WEDNESDAY MORNING, JULY 24, 1867.

P. L. SHOAFF, Publisher and Proprietor.
DAN'L McLAUGHLIN, Editor.

The Deseret News on Polygamy.

Yesterday's *Deseret News* has a well written and respectable article, in answer to such of the eastern papers as advise the Mormons in Utah to give up the practice of polygamy, and enjoy their religion—Mormonism—like all other residents of this grand republic. We will publish the article entire, next week, when we hope to have more room; and shall, from time to time thereafter, give to our readers its *best* productions. We are in favor of proving all things, as recommended by St. Paul, and holding fast that which is good. There can be no wisdom in the Creator endowing creatures with reason and free will, unless they, themselves, exercise these gifts of heaven, for their own guidance in this world, to prepare them for the results of the next. Our cotemporary assumes in its article too much. There are sincere believers in "Mormonism" in Utah, as well as out of it, and who are equally as intelligent and well informed, as the advocates of polygamy, judging them by the standard of reason—who deny that polygamy is a tenet of Mormonism; that no such doctrine was revealed to Joe Smith nor taught by him; that it is not written down in the "Book of Mormon" as a commendable practice. The Prophet's own sons deny that their father ever received, *or pretended to receive*, any such revelation; and they denounce Brigham Young in unmeasured terms, for engrafting this relic of eastern barbarity on their faith. We are not going to enter upon a discussion to prove that it is not of divine origin, in this article. We know that the practice is not preached as a divine ordinance in Europe or any portion of the United States, except in Utah, by the zealous missionaries from this place who go forth to spread the faith. We also know that Mormon grand jurors under oath, and supposed to be acquainted with the existence of this institution, report in substance, on their oaths, that they do not know of this practice being indulged in, in Utah, since the passage of the Anti-polygamy law by Congress, in the spring of 1863. If men, under the sacred obligations of an oath, cannot find one single instance of the practice of polygamy for the last four years, in the Third Judicial District, comprising three-quarters of the entire population of the Territory, we must accept their statement in preference to the say so of the *News*.

Again, the statement that "plurality of wives is a commandment of God," is a naked, unsupported assertion, and will not be accepted. In support of any given proposition or statement pertaining to earthly matters, PROOF! PROOF! PROOF! is required to sustain it. Idle declarations will not do. Four times six is twenty-four; but four times five is not twenty-four; and these two facts are susceptible of demonstration by well known rules. They can be proved to the satisfaction of any sane man's reason. Also, that a part is not equal to the whole; or that the sum of all the parts is equal to the whole. So can the existence of London, Paris, Rome or New York, be conclusively established by the testimony of those who have been there. There are general and accepted rules of evidence that are accepted in Courts. Where one or more witnesses swear to the same fact, it is possible, *possible, we say*, that they may be correct. But before receiving their testimony as true, in the Courts, they are subjected to a searching cross-examination, by men accredited with being trained by education, and fitted by nature for investigating the truth or falsity of the testimony. The demeanor of a witness on the stand, his looks, his talk, his prejudices *pro or con*, attendant circumstances as well as his testimony, are all carefully weighed by the Judge, and the jury, before rendering a decision, or returning a verdict. Poor human nature is liable at times to err, through passion and prejudice. Hypocrisy at times, and at times enthusiasm is liable to run riot with men's reason, unless they guard against being too credulous.

If then, men should be cautious in taking the statements of others, from a five dollar dispute before a Justice of the peace, up through all the callings of life; and require indisputable proofs to demonstrate the truths of science, and the beauty, symmetry and usefulness of the arts; and subject all mechanical inventions to every known test; how much more careful should they be in accepting what is claimed as supernatural revelation, that may affect their welfare on both sides of the grave. If, as we show, the best kind of natural proofs are required to support ordinary statements and natural theories, in every walk and calling of life, how much stronger should the proofs be in support of a supernatural proposition? Should it not be subjected at least to a critical cross-examination and to scientific scrutiny, to ascertain whether it is really of a supernatural character, or only intended to deceive.

"Plurality of wives is a commandment of God," says the *News*. All commandments of God are supernatural, and are susceptible of proof by supernatural evidence. We now ask that journal, because it has made the statement and is the organ of the Mormon Church, in Utah, to demonstrate the truth of its new commandment, by supernatural evidence; or failing to be able to do that, to support it by natural evidence as conclusive as a village lawyer can support an allegation in an action of assumpsit. Its evidence to be subject to a rigid cross-examination. We ask it to do this to satisfy those who are in doubt, and wavering. We pledge ourself to give any honest, respectable effort of the *Deseret News'* to support its statement, a fair and candid hearing; and, if it don't make the attempt, we will establish by natural and supernatural proofs, that no such commandment could possibly have been given; and that the practice of polygamy is contrary to natural and civil law; and in direct violation of the revealed will of God to man. We will give the *News* a reasonable time to "put in an appearance;" if it won't do it, we will prove our case and take judgment by default.

FROM THE NEW MINES!

MINERS DRIVEN OUT BY INDIANS!

Some of them Killed and Scalped!

Through the kindness of Capt. Zabriskie we are enabled to lay before our readers the news that the Indians have killed and scalped some of the miners and drove all the others out. He received the following dispatch yesterday: "South Pass, July 22.—To Capt. Zabriskie:—I had located some claims, when all hands were driven out by the Indians. Lawrence was killed and scalped. Toney Scholl and Orrin Taylor are missing. Twenty head of stock was driven off." We learn that the Indians appeared in numbers and were composed of Crows, Shoshones and Sioux, who evinced a determination to put a stop to mining in that region. Poor Indian! is mistaken a little in his calculation, and many is the scalp that will pay for those they took on Monday.

SOME OF ITS PECULIARITIES.—China is described as a country where the roses have no fragrance and the women no petticoats; where the laborer has no sabbath and the magistrate no sense of honor; where the roads bear no vehicles and the ships no keels; where old men fly kites; where the needle points to the south, and the sign of being puzzled is to scratch the antipodes—the heel; where the place of honor is on the left hand, and the seat of intellect is in the stomach; where to take off your hat is an insolent gesture, and to wear white garments is to put yourself in mourning; which has a literature without an alphabet, and a language without a grammar.

EIGHT hundred men and women recently went on an excursion from Indianapolis to Cincinnati to see the "Black Crook."

BY PACIFIC TELEGRAPH.

[SPECIAL TO THE "DAILY UNION VEDETTE."]

Memphis, July 22.

A destructive fire occurred yesterday, which destroyed Crowder & Co.'s tobacco factory, Christian & Co.'s warehouse, and a portion of the contents. Loss, $150,000; insured for $65,000.

New Orleans, July 22.

From the Galveston papers we have a week's later Mexican news. The Brownsville *Ranchero* has reports of an army of observation, numbering 15,000 men, under Carline, being placed on the Rio Grande. The *Ranchero* publishes a letter, stated to have been written by Escobedo to Gen. Gomez, directing him to use all the means in his power to make the country entirely Mexican. Escobedo says that all the property in the hands of foreigners in Mexico, which has been acquired by Mexican misfortunes, the Mexican people should now take possession of it, and have power to hunt them from the country. He says his motto is "death to all strangers." He adds, there is no danger of the Yankees interfering with us, so long as the Southern States are kept out of the Union. Besides, the black men would side with us; would at any time pronounce against the whites. Before we get through with foreigners the Yankees will think we are in earnest, and the time will come when their own notables will be begging for their heads, instead of begging for the heads of Austrians. Up to the 13th inst., Generals Marquez and Sheraton had not been found. Some of their adherents suppose that they are secreted in the house of the British Minister. A strict search was made for them. As soon as discovered, they will be shot. Deaz ordered the capture of all foreign representatives, who do not recognize Liberal government. Twelve more Generals who served under Maximilian have been shot at Queretaro; among them Obero and Castillo. Four Imperial Colonels were also shot. Seven hundred Austrian prisoners have been sent to Puebla. Juarez issued an order of convocation to the Liberal Congress elect. President Ortega is in prison at Monterey. Santa Anna is still alive at Campeachy, and his captives are awaiting instructions from the Liberal government. The feeling there is that he will undoubtedly be shot. Advices from Matamoras are to the same effect. The Prussian Consul at Vera Cruz is conducting negotiations to obtain the release of Austrian prisoners. Capt. Freeman, of the revenue cutter Wilderness, which conveyed Madame Juarez and party to Vera Cruz, reported the Liberals extremely independent, defiant and saucy.

New York, July 22.

In the Supreme Court, to-day, the case of James F. Cummings vs. Bennett, for alleged libel, who claimed damages to the amount of $200,000, was argued and decision reserved.

Montgomery, July 21.

The Chairman Executive committee of the State Convention, which appointed delegates to the Philadelphia Convention last year, issued a call for a Conservative convention at Montgomery on the 3d of September. Colored people are invited to attend.

Charleston, July 21.

Gen. Sickles announces the names of the registers in North and South Carolina, but fixes no time to begin registration. Each board consists of one colored person, and two white persons, who represent the precincts for which they are appointed.

Washington, July 22.

In the Surratt trial, Rev. Geo. Boucher said that the prisoner was at St. Deboine, Canada, about the 22d of April; that the prisoner remained at his house. Three months after that he went to Montreal; saw him from time to time until he went to Europe. Didn't for some time know it was Surratt. When I learned that was his name, I did not report to the authorities, because I believed him innocent. Maurice Droham testified, that he ferried the prisoner across the river at Almira, on the 14th of April, 1865.

New York, July 22.

The *Tribune* says, the nomination of Greely as Minister to Austria, was a complete surprise to him. He is obliged for the compliment, but he could not be induced to leave the country at present.

Washington, July 22.

An order has been issued from Head quarters, modifying the order of May 5th, so as to allow any person, without limit as to number, to trade at United States posts, between a hundredth degree of longitude west of Greenwich and the eastern boundary of California, subject only to such restrictions as may be made by the Post commander. The Postmaster General appointed Isadore Bradley of New Haven, special agent of the Post Office Department, in charge of the mails between San Francisco, Japan and China. He leaves September 3d.

Albany, July 22.

In the Constitutional Convention the amendment to the suffrage cause, given women the right to vote, was lost by 60 to 31.

St. Louis, July 22.

A telegram from Gen. A. J. Smith, under date of Fort Harker, 20th, to Gen. Sherman, state that reliable information is received that Bishop Larney's party, recently attacked by Indians, near Fort Larned, and the men killed and women taken prisoners, passed Fort Dodge, 55 miles west of Fort Larned, in company with a large train, on the 16th inst. The reported massacre must therefore be untrue.

Minneapolis, Minn., July 22.

The freshet exceeds anything since 1859. The volume of water is terrific. The Pacific Railroad bridge is damaged to the extent of $20,000. The boom at Coon creek is broken, and $350,000 worth of lumber and logs has gone over the falls and is lost.

Paris, July 22.

The bill abolishing imprisonment for debt which had some time ago passed the Corps Legislatiff, has finally passed the Senate and become a law.

Washington, July 22.

Official reports have reached Gen. Grant's headquarters announcing the safety of Bishop L'Amy's party.

A new fractional currency denomination 15 cents, will be issued in a few days.

The House Committee on Judiciary will adjourn, probably, to-morrow, until next October, after examining Chaplain Cameron as to the circumstances of his pardon by the President.

New Orleans, July 22.

Cotton prospects continue dubious, owing to continued rains. Reports of corn crops in the upland districts are favorable.

New York, July 23.

The $1,400,000 bonds stolen from Mr. Lord some time ago, have been returned to him. The thief is to remain incognito.

The *Herald's* Nashville special says Brownlow's majority over Ethridge, estimated by Republicans, will be over 20,000.

The *Herald's* Washington special says President Johnson is anxious to remove Stanton. There is a faction in Washington composed of Southern secessionists and Northern copperheads who are endeavoring to get Stanton out.

No ministers are to be appointed to Austria and Mexico till next session of Congress.

◆

They have an odd way of doing up rampant females in Memphis. They *sack* 'em. A Memphis paper says: 'an obstreperous woman was taken to the Adams street police station, recently, tied up in a bag, her head only being out. She was thus kept from doing mischief, and was carried along on the back of a sturdy black man.'

A VERY INELEGANT PRACTICE.—It is a common practice with a large number of the good people of this city, yclept Saints, to stop suddenly on the streets when they observe two or more talking, and listen to what is said. They generally stand some ten or twelve feet distant from the suspected group, turn their rear or one of their flanks, to the talkers, and "drink in" through the tympanum all unfriendly regenerators' remarks. Frequently the subject of conversation is suddenly changed for the edification of these "shadows," and they stand with a martyr like patience, and as immovable as bronze statues, listening to the drippings of gentile wisdom as it falls from the lips of an unsuspected decoy, for hours. Eavesdropping and tale-telling are said to have been productive of much mischief throughout the wide world; and the spy and the tale bearer are by common consent, execrated and shunned. It is a naughty habit, even, among the Saints. As a question of propriety, we frown on its continuance; as nothing is so unbecoming in nice young men when they are passing along the street, and observe two strangers having confab, as to abruptly and offensively stand within earshot to listen to what may be said. It mortifies the feelings of the strangers, and don't inspire them with the very nicest opinions of such young men's bringing up. Suppose we drop the practice! What d'ye say? Hey?

FROM LEMHI.—The people in this section are not allowing themselves to be carried entirely away with the pursuit of gold. They have just mixed a little politics in with their joys and sorrows, for a change. On the 11th inst., they fixed up a ticket which was to be voted for on Saturday last, as follows: W. S. Simpkins, A. C. Isaacs, G. L. Shoup, County Commissioners; J. M. Thurmond, Councilman; C. Murphy, Assemblyman; A. G. Turner, Sheriff; J. A. Palmer, Recorder; H. E. Palmer, Assessor; D. McNutt, Treasurer; C. M. Sickles, County Clerk; C. H. Stewart, Coroner; D. S. Kenyon, Probate Judge; Dr. Gill, Surveyor. That is a pretty good ticket if they only had a place to run it. Lembi County is treated as a sort of a mythical municipal corporation by our cotemporary, the Idaho *Statesman*. In support of that theory, the *Mining News* indulges in a column of woe! and intimates that somebody stole "the County of Lemhi," at the last sitting of that august and profound body, the Idaho Legislature; and tries to demonstrate that Gov. Ballard made an ass of himself, in signing some bill, in which "the County of Lemhi" cut a very important figure as a component part of a Judicial district. Things look a little mixed; indeed they do! Lemhi county and its expectant officials can with propriety use Hamlet's jocular remark with much force and elegance:—"To be, or not to be, that is the question!" We are decidedly in favor of "to-be."

THE *Reveille* has the following dispatch, dated San Francisco, July 18th:

Ed. Morris challenges A. W. Jamison to play a game of billiards of 1.500 for the championship of the Pacific coast for $500 a side. The stakes and forfeit money, $250, have been put up.

THE foundations of Hepworth Dixon's book "New America" prove to be loose everywhere. Elizabeth Denton, whom he referred to as the leader of the "Female Seers," writes that if "he has trusted as much to fancy and as little to fact throughout his book as in the chapter on "Female Seers," he might have turned the key of his office, shutting himself in, and the world out, and saving time, expense, and the vexation of traveling among our rude barbarians. His work so written could not have been less truthful than it is now."

KNOW THY DESTINY.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate or written guarantee that the picture is what it purports to be. By inclosing a small lock of hair and stating place of birth, age, disposition and complexion, and inclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications sacredly confidential. Address in confidence MADAME E. F. THORNTON, P. O. Box 223, Hudson N. Y. ap16-1y

☞ A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognised by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the **Circassian Balm**, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticule it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. ASTROLOGY.

THE WORLD ASTONISHED
AT THE WONDERFUL REVELATIONS
MADE BY THE GREAT ASTROLOGIST,
Madame H. A. PERRIGGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness inclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, inclosing a small lock of hair. Address,
